## RETURN OF NLP PLASTIC CRATE 360 (RED)

Return/pick up from NLP of NLP plastic crate 360, the following stacks and transport safety are:

The crates are nestable 9 in height per stack x 4 stacks, total of 36 crates per plastic full pallet x 2, as shown in the picture below.

All bars on the top crates on the bottom pallet must be in the closed position, see picture below.

This also applies to the crates on the top pallet as it increases the transport safety.
